

What is Erasmus+?

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe.

It's a great opportunity for students, teachers and administrative staff because with its budget it allows them to develop and share knowledge and experience at institutions and organisations in different countries.

The program carries out and finances three different actions to achieve its objectives:

- Key Action 1 (Learning Mobility of Individuals)
- Key Action 2 (Cooperation for Innovation and the Exchange of Good Practices)
- Key Action 3 (Support for Policy Reform)
-

These actions want to encourage:

Inclusion and Diversity;
 Digital Transformation;
 Environment and fight against climate change;
 Participation in democratic life
